

Use This Space to Write Your Comments

EPA is interested in your comments on the proposed cleanup plan for Investigation Areas 1 and 2 of the Ten-Mile Drain site. You may use the space below to write your comments and submit them at the May 10, 2018 public meeting, or detach, fold, stamp and mail. Comments must be postmarked by May 23, 2018. If you have any questions, please contact EPA Community Involvement Coordinator Heriberto León directly at 312-886-6163, or toll free at 800-621-8431, weekdays 9:30 a.m. – 5:30 p.m. Comments may also be sent to Mr. León via fax to 312-697-2754 or via email to leon.heriberto@epa.gov.

I agree with Alternative 2 to continue the

PCB Clean-Up of the 10 Mile Drain Area.

I would ask the EPA to address the

further cleanup of the drain system and

the sediments in the contaminated canals.

Also, as soils are removed from the surface

lawns along the canals, that sprinkler systems

be inspected to ensure they do not get

recontaminated until the canals are

cleaned up.
